

3rd Place (Tie) : Like the water, Like the sky by Rosalie Fralick

Ripples of water
Caress the rocky cliffs
Dark rocks, light rocks
No rocks, just sky

Blue sky, cloudless
Bright light, blinding
Sunshine, shine
The light reflects, off the water

Reflects off everything
Windows, windshields
Wind blows the heat
Across the pavement

Crippling heat
Washes over us
Like the water
Like the sky
